

# PODEŠAVANJE SERTIFIKATA ZA RAD NA HOMEB@NKGING SISTEMU

1. Za Internet Explorer  kliknite na dugme continue to this website (not recommended)

The screenshot shows a security warning in Internet Explorer. At the top left is a red shield icon with a white 'X'. The main text reads: "There is a problem with this website's security certificate." Below this, it explains: "The security certificate presented by this website was not issued by a trusted certificate authority. Security certificate problems may indicate an attempt to fool you or intercept any data you send to the server. We recommend that you close this webpage and do not continue to this website." There are three buttons: "Click here to close this webpage." (with a green checkmark icon), "Continue to this website (not recommended)." (with a red 'X' icon and highlighted by a red box with a red arrow pointing to it from the right), and "More information" (with a blue downward arrow icon).

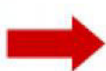

2. Za Chrome  kliknite na dugme proceed anyway (Ипак настави)

## Безбедносни сертификат овог сајта није поуздан!

Покушали сте да посетите **hb.posted.co.rs**, али сервер је приказао сертификат издат од стране ентитета коме оперативни систем рачунара не верује. То може да значи да је сервер генерисао сопствене безбедносне акредитиве, на које Google Chrome не може да се ослани као на информације о идентитету, односно да нападач можда покушава да пресретне комуникацију.

Не би требало да наставите **нарочито** ако никада раније нисте видели ово упозорење за овај сајт.

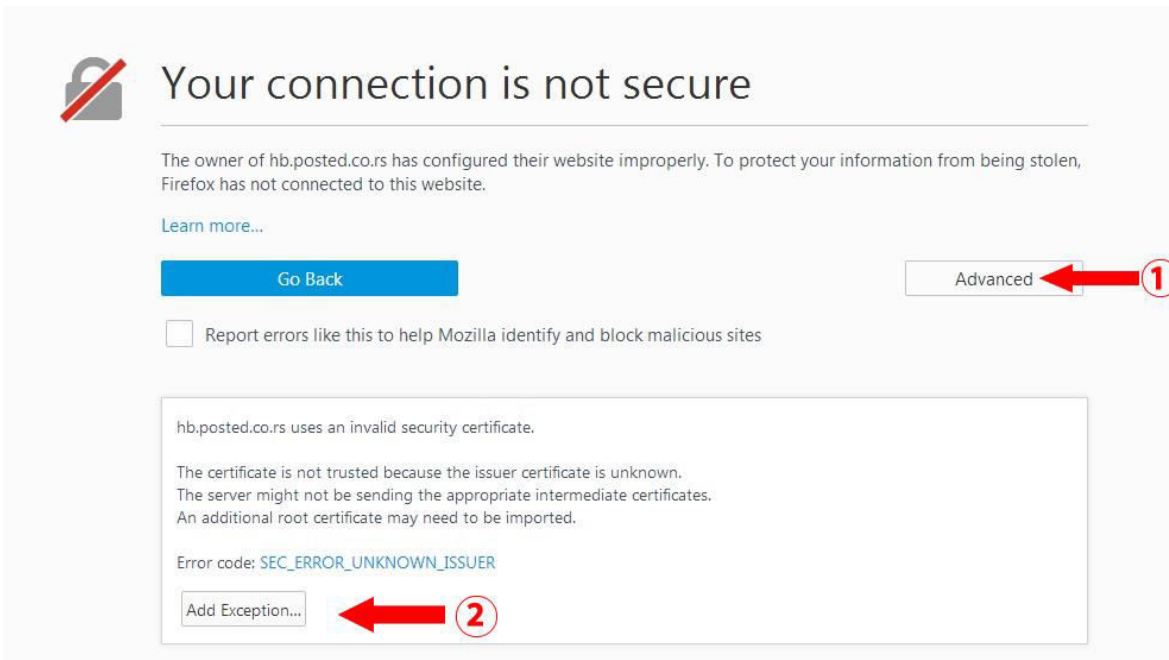

Ипак настави

Report errors like this to help Mozilla identify and block malicious sites

hb.posted.co.rs uses an invalid security certificate.

The certificate is not trusted because the issuer certificate is unknown.  
The server might not be sending the appropriate intermediate certificates.  
An additional root certificate may need to be imported.

Error code: [SEC\\_ERROR\\_UNKNOWN\\_ISSUER](#)

[Add Exception...](#) **2**

**Add Security Exception**

 You are about to override how Firefox identifies this site.  
**Legitimate banks, stores, and other public sites will not ask you to do this.**
